

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Andropogon gerardii 'Red October'	Big Blue Stem	To -35°C	Burgundy red, Fall		4' x 3'	Easily grown in average, dry to medium, well-drained soils in full sun. Tolerant of a wide range of soils and growing conditions.
Bouteloua gracilis Available Fall 2021	Mosquito Grass	To -35°C	Brown, Summer - Fall		1' x 1'	Compact, low growing habit. Flowers are unique and grow on an angle resembling a swarm of flying insects.
Calamagrostis 'Avalanche'	Feather Reed Grass	To -28°C	Lilac, Summer – Fall		5' x 2'	Deer resistant and drought tolerant. Non-Invasive. Great in large groupings.
Calamagrostis brachytricha	Korean Feather Grass	To -32°C	White, Late Summer		4-5' x 2-3'	Also known as Stipa brachytricha. Grows more upright in full sun.
Calamagrostis 'El Dorado'	Feather Reed Grass	To -35°C	Tan, Early Summer		48" x 24"	A green and white variegated grass. Blooms can last into winter.
Calamagrostis 'Karl Forester'	Feather Reed Grass	To -38°C	Mauve, Summer- Fall		5' x 18"	Hardy enough to survive winter in a container. Drought tolerant.
Calamagrostis 'Overdam'	Feather Reed Grass	To -38°C	Green, Late Spring		2-3' x 3'	Overdam is a cool season grass, variegated green and cream grass.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Carex buchanii	Leatherleaf Sedge	To -22°C	Brown, Summer		3' x 2'	<b>Evergreen.</b> Requires dry soil. Great contrast colour for your garden.
Carex comans 'Frosty Curls'	Sedge	To -16°C	Green-brown flowers, Spring		2' x 2'	<b>Evergreen.</b> Flowers bloom in late spring to early summer, but are not ornamentally significant
Carex elata 'Bowles Golden'	Golden Sedge	To -23°C	None		36" x 36"	Bright gold foliage makes this a great addition to any garden.
Carex Morrowii 'Gold Band'	Golden Variegated Sedge	To -28°C	None		1' x 2'	grows in a dense, grass-like clump
Carex morrowii 'Ice Dance'	Variegated Sedge	To -28°C	White, Spring		12" x 18"	<b>Evergreen</b> and deer resistant. Great in containers.
Carex morrowii 'Silver Sceptre'	Japanese Sedge	To -29°C	Cream, Summer		18" x 18"	<b>Evergreen.</b> Drought tolerant once established. Great in rock gardens.
Carex obnupta	Slough Sedge	To -20°C	Brown, Spring		36" x 30"	<b>Semi-evergreen.</b> Can be planted 6" deep in water.
Carex oshimensis 'Everest' <small>Available Summer 2021</small>	Everest Sedge	To -23°C	None		18" x 12"	<b>Evergreen.</b> Foliage is green and white variegated. Can tolerate dry conditions once established.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Carex oshimensis 'Evergold'	Variegated Japanese Sedge	To -28°C	Brown, Spring		12" x 16"	<b>Evergreen.</b> Low-growing grass with green and yellow foliage. Great in containers.
Carex oshimensis 'Everillo'	Everillo Sedge	To -28°C	None		12" x 32"	<b>Evergreen.</b> Long, thin arching leaf blades are chartreuse green toward the crown, but turn golden yellow as they are exposed to UV light.
Carex oshimensis 'Everlime'	Everlime Sedge	To -26°C	None	 	12-15" x 18-24"	<b>Evergreen.</b> Bright green leaves with subtle lime highlights. Deer resistant.
Carex oshimensis 'Eversheen'	Eversheen Sedge	To -23°C	None	 	12" x 14"	<b>Evergreen.</b> Bright yellow blades edged in dark green. Great for shade but can tolerate part sun.
Carex siderosticha 'Banana Boat'	Creeping Broad-leaved Sedge	To -28°C	None	 	12" x 15"	One inch wide leaves are bright lemon or banana yellow with narrow, green margins and stripes.
Carex speciosa 'The Beatles'	The Beatles Sedge	To -23°C	None	 	4-6-" x 8-12"	<b>Evergreen.</b> Low, clumping dark green leaves. Can tolerate wet conditions.
Carex testacea	Orange Sedge	To -18°C	N/A	 	16" x 16"	<b>Evergreen.</b> Low-maintenance grass. Becomes brighter orange when weather gets cooler.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
<i>Chasmanthium latifolium</i>	Northern Sea Oats	To -35°C	Green, Summer		5' x 30"	<b>Evergreen.</b> Extremely drought tolerant once established. Low maintenance.
<i>Cortaderia selloana</i>	Pampas Grass	To -16°C	White, Cream, Late Summer		8' x 4'	Densely tufted plumes atop light green stems. Leaves can have sharp edges.
<i>Cortaderia Selloana</i> 'Pumila'	Dwarf Pampas Grass	To -22°C	White shades, Summer		6' x 4'	A compact Pampas Grass that is perfect for mid-sized gardens.
<i>Cortaderia selloana</i> 'Rosea'	Pink Pampas Grass	To -16°C	Pink, Late Summer		8' x 4'	Densely tufted pink plumes atop light green stems. Leaves can have sharp edges.
<i>Deschampsia cespitosa</i>	Tufted Hair Grass	To -40°C	White, Summer		2' x 2'	Beautiful white flowers all summer long. Will self-seed. Extremely hardy.
<i>Deschampsia cespitosa</i> 'Northern Lights' Available Summer 2021	Variegated Hair Grass	To -35°C	N/A		14" x 14"	<b>Evergreen.</b> White, variegated foliage that changes to pink in colder weather.
<i>Elymus magellanicus</i> Available Summer 2021	Blue Clumping Wheatgrass	To -23°C	Blue, Early Summer	 	2-3' x 1-2'	Gorgeous metallic blue leaves with a clumping habit. Slow growing and drought tolerant.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Equisetum hyemale	Horsetail Reed	To -38°C	N/A		3-4'	<b>Evergreen.</b> This plant is water-wise and a fast grower.
Festuca glauca 'Elijah Blue'	Elijah Blue Fescue	To -35°C	Brown, Summer		12" x 8"	<b>Evergreen.</b> One of the bluest ornamental grasses.
Festuca idahoensis 'Siskiyou Blue'	Idaho Blue Fescue	To -35°C	Tan, Spring		24" x 20"	<b>Evergreen.</b> Requires well-drained soil. Silver foliage and tan plumes in spring.
Hakonechloa macra 'All Gold'	Japanese Forest Grass	To -28°C	None		8" x 18"	Vibrant yellow foliage brightens up any shaded garden. A slow grower.
Hakonechloa macra 'Aureola'	Japanese Forest Grass	To -28°C	None		26" x 20"	Gold and green variegated foliage. Forms a mound. Good groundcover.
Hakonechloa macra 'Beni Kaze'	Japanese Forest Grass	To -23°C	None		1 ½' – 3'	Green foliage turns red starting late summer and eventually turns burgundy in fall.
Helictotrichon sempervirens	Blue Oat Grass	To -35°C	Brown, Summer		30" x 36"	<b>Evergreen.</b> Densely packed foliage is steel blue. Great in containers.
Imperata cylindrical 'Red Baron'	Japanese Blood Grass	To -28°C	N/A		24" x 14"	Striking red foliage keeps its colour all season. Great as an accent grass.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
<i>Juncus effuses</i>	Common Rush	To -35°C	Green, Summer	 	5' x 4'	<b>Evergreen.</b> This grass is native to BC. Grows best in moist soil.
<i>Koeleria glauca</i>	Large Blue Hair Grass	To -35°C	Brown, Spring – Summer		10" x 22"	<b>Evergreen.</b> A shorter grass. Plumes are great in dried flower arrangements.
<i>Leymus arenarius</i> 'Blue Dune'	Blue Lyme Grass	To -45°C	Blue, Summer		2' x 30"	A wide-spreading ornamental grass. Blue-green foliage.
<i>Liriope muscari</i>	Lilyturf	To -29°C	Lavender Summer		16" x 16"	<b>Evergreen.</b> Deer and rabbit resistant. Good for erosion control and as a groundcover.
<i>Liriope muscari</i> 'Big Blue'	Big Blue Lilyturf	To -29°C	Blue, Summer		14" x 14"	<b>Evergreen.</b> Beautiful blue flowers in summer. Drought tolerant once established.
<i>Liriope muscari</i> 'Monroe White'	Monroe White Lilyturf	To -29°C	White, Summer		16" x 16"	<b>Evergreen.</b> Deer and rabbit resistant. Good for erosion control and as a groundcover.
<i>Liriope spicata</i>	Creeping Lilyturf	To -29°C	Lavender Summer		12" x 18"	<b>Evergreen.</b> Great spreading groundcover that is drought tolerant once established.
<i>Luzula sylvatica</i>	Greater Wood Rush	To -38°C	Brown, Late Spring		18" x 20"	If seed heads are not removed this grass will self-seed.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Millium effusum 'Aureum'	Golden Wood Millet	To -22°C	Green, Summer		16" x 12"	Low-growing grass that prefers moist, shady sites.
Miscanthus 'giganteus'	Giant Silver Grass	To -28°C	Soft Pink, Fall	 	117" x 47"	Forms tall clumps of green leaves, their tips arching gracefully in layers.
Miscanthus sinensis 'Adagio'	Dwarf Maiden Grass	To -25°C	White, Late Summer		3' x 3'	Large silvery white flowers over an arching mound of dark green. Great for smaller areas.
Miscanthus sinensis 'Arabesque'	Arabesque Maiden Grass	To -23°C	White, Summer		4-5' x 3-4'	Copper-tinged white plumes stand atop purple stems in late summer.
Miscanthus sinensis 'Cosmopolitan'	Variegated Maiden Grass	To -35°C	Cream, Fall		8' x 7'	White and green variegated foliage. Plant in well-drained soil.
Miscanthus sinensis 'Dixieland'	Dixieland Maiden Grass	To -22°C	Silver, Summer		4' x 4'	Drought tolerant once established and deer resistant.
Miscanthus sinensis 'Gold Bar'	Compact Variegated Maiden Grass	To -28°C	Burgundy, Mid Fall		5' x 2'	Easy to grow in full sun with moist to well-drained soils. It will tolerate sand and clay.
Miscanthus sinensis 'Gracillimus'	Gracillimus Maiden Grass	To -20°C	White, Summer – Fall		6' x 5'	Fine textured green foliage with copper red flowers. Drought tolerant.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Miscanthus sinensis 'Little Kitten'	Dwarf Maiden Grass	To -20°C	White, Summer – Fall		16" x 16"	A maiden grass for smaller gardens. Foliage is green and narrow.
Miscanthus sinensis 'Morning Light'	Morning Light Maiden Grass	To -25°C	Pink, Summer- Fall		7' x 5'	Great along the back of a border. Prefers sun and well-drained soil.
Miscanthus sinensis 'Purpurescens'	Flame Grass	To -28°C	Pink, Summer - Fall		5' x 6'	Foliage is green in summer and turns to rusty orange in fall.
Miscanthus sinensis 'Silberfeder'	Silver Feather Grass	To -28°C	White, Late Summer – Fall		3' x 6'	Beautiful, large silver-white flowers stand out against the dark green foliage in late summer.
Miscanthus sinensis 'Strictus'	Porcupine Grass	To -34°C	Brown, Summer - Fall		5' x 4'	Striped green and yellow foliage. A great accent grass.
Miscanthus sinensis 'Yaku Jima'	Dwarf Maiden Grass	To -22°C	Silver, Summer		4' x 2'	Leaves are narrow and contrast beautifully with the silver plumes.
Molinia caerulea 'Moorhexe'	Purple Moor Grass	To -30°C	Purple, Summer		3' x 2'	Very compact, dense grower.
Molinia caerulea 'Skyracer'	Skyracer Purple Moor Grass	To -35°C	Purple, Late Summer		6-8' x 2-4'	Gently arching, blue-green leaves. Spikes of tiny purple flowers in late summer. Tall

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
						copper plumes in fall.
Muhlenbergia capillaris	Pink Muhly Grass	To -22°C	Pink, Late Summer-Fall		4' x 4'	<b>Evergreen.</b> Fast growing, clumping grass, with exquisite pink blooms.
Ophiopogon japonicus	Mondo Grass	To -22°C	Lilac, Summer	 	12" x 15"	<b>Evergreen.</b> Great mounding habit. Small lilac flowers in summer.
Ophiopogon Japonicus 'Nana'	Dwarf Mondo Grass	To -22°C	White, Summer	 	6" x 6"	<b>Evergreen.</b> The blade-like arching leaves are an attractive dark green and the berries that follow the flowers are bright blue.
 Ophiopogon planiscapus 'Nigrescens'	Black Mondo Grass	To -22°C	Pink, Summer		6" x 12"	<b>Evergreen.</b> A slow growing grass with black foliage. Great as a groundcover.
Panicum virgatum 'Apache Rose'	Apache Rose Switch Grass	To -32°C	Pink, Fall		4-5' x 2-3'	Grey-green foliage turns rose coloured in fall. Flowers are beautiful rose colour.
 Panicum virgatum 'Cheyenne Sky'	Cheyenne Sky Switch Grass	To -32°C	Purple-Red, Fall		3' x 1-2'	Great alternative to the Purple Fountain Grass (annual). Blue-green foliage turns wine red in early summer. Incredible fall colour.

## Grasses

Species	Common Name	Hardy Temp	Flower	Exposure	Height/Spread	Description
Panicum virgatum 'Heavy Metal'	Heavy Metal Switch Grass	To -35°C	Cream, Summer		3' x 3'	Foliage is tipped with a coppery-red colour in summer. Great summer colour.
Panicum virgatum 'Hot Rod'	Hot Rod Switch Grass	To -29°C	Purple, Summer	 	3-4' x 2'	Blue-green foliage during spring turns deep burgundy in summer. Great upright habit.
Panicum virgatum 'North Winds'	North Winds Switch Grass	To -35°C	Yellow, Summer-Fall		6' x 2 ½'	Great upright habit with tall flowers in late summer through Autumn.
Panicum virgatum 'Prairie Sky'	Prairie Sky Switch Grass	To -38°C	Green, Summer		5' x 3'	Drought tolerant once established. Good along borders or in containers.
Panicum virgatum 'Rotstrahlbusch' <small>Available Summer 2021</small>	Rotstrahlbusch Switch Grass	To -38°C	Brown, Summer		3' x 2'	Foliage emerges light green and starts to turn red in early summer and maroon by fall.
Panicum virgatum 'Ruby Ribbons'	Ruby Ribbons Switch Grass	To -32°C	White, Fall		3-4' x 2-3'	Blue-green foliage turns burgundy-red in fall. Plumes last from late summer through winter.
Panicum virgatum 'Shenandoah'	Red Switch Grass	To -38°C	Red, Summer – Fall		4' x 3'	Foliage is red at beginning of summer turning to burgundy in fall.
Panicum virgatum 'Thundercloud'	Thundercloud Switch Grass	To -36°C	Tan, Fall		7-8' x 4-5'	A very large growing grass! Foliage remains upright and
