

<b>Acer palmatum</b>			
<b>Name</b>	<b>Foliage Colours (SP=Spring, SU=Summer, F=Fall)</b>	<b>Height</b>	<b>Characteristics</b>
Adrians Compact	SP: Pink-red SU: Burgundy F: Orange	6-7' x 3-4'	Compact, upright, bright pink-red spring foliage
Akaji nishiki (bonfire)	SP: Crimson SU: Green F: Orange-Red	7-8' x 5-6'	Rare variety, pink spring leaves fade to peach/ orange and eventually lime green
Aocha Nishiki	SP & SU: Green F: Golden Yellow	10-12'	Pea green stems with bright lime green foliage, new growth emerges a vibrant shade of chartreuse providing contrast. Exceptionally long lasting golden yellow fall colour.
Aoyagi	SP: Yellow SU: Green F: Yellow	10'	An exquisite small tree with a striking upright form and a spreading canopy.
Arakawa	SP & SU: Green F: Scarlet Red	10-15'	This very unique tree develops cracks, creases and fissures that give it an aged look, even when young. Superb red fall colour.
Asahi Zuru	SP: Pink SU: Green with White & Pink F: Red & Orange	10-12'	Also known as Rising Sun Japanese Maple. Young leaves emerge pink and fade to green with white & pink variegation as the season progresses.
Atrolineare	SP & SU: Red F: Crimson and Orange	10-12'	Finely textured finger like foliage. A great choice for a tree to provide filtered light.
Atropurpleum (Red Ribbonleaf)	SP: Red, SU: Bronze/Green, F: Crimson	15-18'	A very hardy, reliable red leaved cultivar. Leaves emerge bright red in spring, fading to a bronze/green in summer and turning bright crimson for fall.
Beni gasa	SP & SU: Red F: Orange & Yellow	8-10'	Conspicuous, sharply pointed teeth on a horizontal branching plant. Very nice red, orange and yellow fall color.
Beni hoshi	SP & SU: Red F: Orange & Yellow	5 x 4'	Sometimes referred to as 'Ruby Stars' has great leaf form and structure
Beni Otake	SP & SU: Dark Crimson Red, F: Crimson-Red	10-12'	Bamboo like foliage emerges a rich crimson red. Excellent heat tolerance and strong colour retention.
Beni Schichenge	SP & SU: Green, Pink & White Variegation F: Orange & Gold	8-10'	A very slow growing Japanese Maple. Leaves have a gorgeous variegation of green, pink & white.
Beni ubi gohon	SP & SU: Red F: Scarlett	5' x 4'	A small, slow growing red-leaved, perfect for containers or bonsai.

Acer palmatum			
Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Height	Characteristics
Bloodgood	SP:Wine Red, SU:Burgundy F: Bright Crimson	15-20'	Exceptionally hardy red leaved cultivar with strong heat tolerance.
Burgundy Lace	SP & S: Purple/Red F: Orange/Yellow/Copper	12-15'	The heavily serrated red leaves on this upright cultivar provide a nice textural element to the landscape. A hardy and reliable variety.
Butterfly	SP & SU: Green with white margins F: Scarlet	10-12'	Small, heavily textured leaves edged with a silvery, white variegation. Strong upright vase growth habit.
Chishio (Shin Chisio)	SP: Crimson Pink, SU: Green, F: Red & Orange	6-8'	Spring Leaves emerge crimson pink, fading to green for summer. In fall the show continues as the leaves ignite with oranges and reds.
Dragon Tears	SP: Red SU: Purple-red F: Orange-purple	6-8'	A unique growth habit and beautiful foliage. It has an upright form, but with horizontal branches that weep gracefully, making an elegant taller specimen.
Elegans	SP: Bright Green, SU: Green/Salmon Pink, F: Yellow, Orange, Red	10'	Heavily serrated foliage emerges chartreuse green in spring. Summer growth has tones of salmon pink and red. Excellent fall colour.
Emperor	SP: Bright Red SU: Burgundy F: Deep Crimson	15-20'	Similar to Bloodgood, but with superior colour retention. The new standard for red leaved cultivars.
Fascination	SP & SU: Green F: Orange & Red	10' x 6'	Fast growing, forming a medium sized round topped tree with age.
Fireglow	SP: Red, SU: Burgundy/Red F: Red	10-12'	Fireglow boasts the best colour retention of any upright red leaved cultivar. A smaller growing alternative to Bloodgood and Emperor
Harvest Red	SP & SU: Green, F: Red	12-15'	A hardy variety with large green leaves that ignite bright red in fall. Similar to 'Osakazuki'
Japanese Sunrise	SP: Light Green, SU: Green, F: Yellow, Gold & Crimson	12-15'	Bark colour varies from yellow to orange and red. Excellent fall colour. A great choice for a small year round interest tree.
Jiro Shidare	SP & SU: Green, F: Yellow, Red, Orange.	4-5'	Unique weeping variety with a traditional palmate leaf opposed to the commonly seen lace leaf. Leaves turn bright gold, highlighted with orange and red in fall.

Acer palmatum			
Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Height	Characteristics
Katsura	SP: Orange/Yellow, S: Green, F: Orange & Yellow	8-10'	A very bushy, rounded growth habit. Spring growth is a spectacular bright orange fading to yellow and finally lime green for summer. In fall the leaves return to brilliant yellows and oranges.
Kihachijo	SP&SU: Green, F: Yellow, Orange	12-15'	Bright green leaves are heavily serrated giving this tree a soft texture. Exceptional fall colour starts yellow and becomes infused with orange.
Koto No Ito	SP & SU: Green F: Yellow, Orange	6-8'	Exceptionally thin lime green foliage hangs gracefully from the branches of this dwarf variety. A superb plant to add a unique texture to the garden. Superb yellow, orange fall colours.
Krazy Krinkle	SP & SU: Green- yellow F: Orange & Red	12-15'	The crinkled palmate leaves are highly ornamental and turn outstanding shades of orange and red in the fall.
Kurenai jishi	SP & SU: Red F: Orange & Red	6'	A small upright tree with very short internodes, leaves right on top of one another, however, rather than lying flat the leaves have a curl in them for an intriguing textural effect.
Livy	SP: Bright Red, SU: Burgundy, F: Crimson	6-7'	An exceptional new upright dwarf variety. Very compact growth habit and bright red foliage leaves. Great for containers and small gardens.
Nuresagi	SP: Red SU: Burgundy F: Orange	12-15'	Leaves emerge hot red, fading over the summer months to dark red or burgundy, bark has interesting striations; tree has a highly desirable growth habit.
Mikawa Yatsubusa	SP & SU: Green F: Yellow & Red	5-6'	An exceptional specimen for containers or the landscape. Lime green leaves are layered like shingles on contorted, bamboo like stems. A must have for the Japanese garden.
Okagami	SP: Red SU: Purple F: Scarlet	15'	Attractive burgundy foliage which emerges plum purple in spring. The lobed palmate leaves are highly ornamental and turn an outstanding scarlet in the fall.
Orange Dream	SP: Yellow SU: Green F: Orange & Yellow	8-12'	Bright orange and yellow foliage in spring and summer. Performs best in morning sun, afternoon shade.

Acer palmatum			
Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Height	Characteristics
Oregon Sunset	SP: Red, SU: Burgundy F: Crimson & Orange	5-6'	A dwarf red leaved cultivar growing wider than tall. Beautiful crimson fall colour.
Osakazuki	SP: Olive-orange SU: Green F: Crimson red	20-25'	A very hardy and reliable green leaved cultivar. Exceptionally bright crimson fall colour.
Oshio Beni	SP: Brick Red, SU: Burgundy, F: Crimson Red	12-15'	Large, broad leaves emerge brick red, making this a tree a standout in spring. Bright crimson fall colour.
Palmatum (Plain Green)	SP & SU: Green F: Orange & yellow	15-20'	The hardiest of all Japanese Maples, fast growing with good fall colour.
Pixie	SP & SU: Burgundy F: Scarlet	6-8'	The lobed palmate leaves are highly ornamental and turn an outstanding scarlet in the fall. Neither the flowers nor the fruit are ornamentally significant.
Purple Ghost	SP & SU & F: Purple	8-10'	Ruffled foliage on a densely branched, upright tree with a spreading canopy
Rhode Island Red	SP & SU: Bright Red F: Orange Red	6'	A spectacular dwarf variety with bright red foliage. Grows into a small tree with a tear drop shaped canopy. Excellent for containers and small gardens.
Ruby Ridge	SP: Red SU: Green F: Orange	12-15'	Leaves are large and wrinkly and adds a unique textural element.
Ryusen	SP & SU: Lime-green F: Gold & Orange	5-6'	Waterfall of foliage cascading in beautiful fall color is to behold; a vigorous grower with excellent heat and sun tolerance; tolerates late spring freezes as well
Sango-Kaku (Coral Bark Maple)	SP: Green/Red SU: Green F: Yellow/Red/Orange	15-20'	Leaves emerge lime green with thin red margins. Fall colour begins to develop in late summer as the foliage turns yellow, orange and red. Bright red stems for winter, an excellent specimen for year round interest.
Seiryu	SP: Purple SU: Green F: Red	12-15'	Known for its lacy beautiful green foliage in spring and summer, turning to bright red in the fall. Great around your patio and in planters.
Shaina (Witches Broom)	SP: Red, SU: Maroon F: Red	6-8'	A compact dwarf variety. Small heavily textured bright red leaves. Excellent choice for small gardens.
Shigitatsu sawa	SP: Cream SU: Green F: Red	12-15'	Leaves are sensitive to hot afternoon sun and protection is preferred

Acer palmatum			
Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Height	Characteristics
Shindeshojo	SP: Crimson/Scarlet SU: Green Fall: Red/Orange	8-10'	Vibrant scarlet/pink spring foliage fades to salmon/peach and finally green with light variegation for summer. Fall brings a second show of rich orange and reds. A spectacular specimen for any garden.
Shirazz (Geisha)	SP: Red/Pink SU: Crimson-Pink F: Scarlet	12-15'	Spring produces reddish/purple leaves edged in bright pink variegation. A very rare and unique specimen.
Shishigashira (Lions Head Maple)	SP & SU: Green, F: Red & Orange	12-15'	Great for container growing and bonsai. Small heavily textured leaves are held on green, bamboo like stems. Beautiful burnt orange fall colours.
Summer Gold	SP: Lime Green/Yellow SU: Bright Gold F: Gold, Orange, Red	6-8'	A rare golden yellow leaved Japanese Maple with ability to tolerate full sun. Beautiful orange and red fall colours.
Tobiosho	SP&SU: Bright Green, F: Yellow, Orange, Red	20'	A fast growing and hardy variety with arguably the best fall colours of any Japanese Maple. Spring growth is a bright lime green.
Trompenburg	SP: Bright Red SU: Burgundy F: Wine Red	16-18'	Deeply lobed red leaves with lightly curled margins define this cultivar. Bright red in spring fading to burgundy in summer. A reliable and hardy cultivar.
Twombly's Red Sentinel	SP &SU: Bright Red F: Crimson	18-20'	Unique, compact upright growth habit. Bright red foliage retains its colour throughout the year. The perfect specimen to fill a narrow space.
Ueno homare	SP: Orange SU: Green F: Orange	12'	The tiny serrated lobed palmate leaves are highly ornamental and turn outstanding shades of yellow, orange and scarlet in the fall.
Ukigumo (Floating Clouds Maple)	SP & S: Variegated White & Pink F: Orange	12-15'	Gorgeous white, green and pink variegated leaves make this Japanese Maple stand out in the garden. Best grown in morning sun, afternoon shade.
Winter Red	SP: Lime Green SU: Green F: Yellow & Orange	8-10'	Smaller and more compact version of the Coral Bark Maple. Fabulous fall colours. Bright red stems provide excellent winter interest.
Yezo nishiki	SP: Red & Purple SU: Bronze F: Orange	20'	Rich, bright reddish-purple spring color which turns to a deeper color as summer progresses

<b>Acer palmatum dissectum (Laceleaf)</b>			
<b>Name</b>	<b>Foliage Colours (SP=Spring, SU=Summer, F=Fall)</b>	<b>Approx. Height</b>	<b>Characteristics</b>
Baldsmith	SP: Orange/Red, SU: Orange, Red, Pink, Green, F: Orange/Crimson	6-7'	Spring foliage emerges a bright orange/red, fading to green with highlights of orange, pink and red throughout the summer.
Crimson Queen	SP: Burgundy/Red F: Bright Red	6-8'	A very hardy, reliable variety with excellent sun tolerance and colour retention. Brilliant scarlet fall colour.
Everred	SP & SU: Deep Red F: Bright Red	6-8'	Foliage emerges a deep wine red covered with fine silver hairs. Lime green leaf veins develop in summer providing a beautiful contrast.
Garnet	SP: Bright Red SU: Garnet F: Red, Orange, Purple	2-6'	A vigorous grower that holds its orange/red leaf colour through the heat of summer.
Inabe Shidare	SP: Bright Red, SU: Purple Red, F: Crimson	6-8'	A vigorous grower with an upright cascading form and heavily dissected red leaves. Excellent heat tolerance and colour retention.
Orangeola	SP: Orange/Red SU: Green F: Red	5-7'	Orange/red spring growth fades to a rich green with orange undertones, summer growth continues to emerge orange/red, providing contrast.
Red Dragon	SP: Cherry Red F: Red	4-6'	A slow growing and compact variety with bright red foliage. Red Dragon boasts the best colour retention of any Laceleaf. An excellent selection for small gardens.
Tamukeyama	SP: Crimson SU: Purple/Red F: Crimson	5-8'	A reliable, fast growing Laceleaf that holds its strong red colour through the heat of summer. Brilliant crimson in fall.
Viridis	SP: Deep green, F: Orange	6-8'	Delicate, feathery, deep green foliage & arching branches, bright pumpkin orange fall colour.
Waterfall	SP: Green F: Gold/Orange	5-7'	Similar to Viridis but with slightly longer, less dissected leaves. Bright gold with orange streaks in fall.

<b>Acer japonicum</b>			
<b>Name</b>	<b>Foliage Colours (SP=Spring, SU=Summer, F=Fall)</b>	<b>Approx. Height</b>	<b>Characteristics</b>
Aconitifolium	SP: Green, F: Red, Orange, Yellow	8-10'	Large, deeply dissected, fern like foliage puts on an unsurpassed show of fall colours.

<b>Acer japonicum</b>			
<b>Name</b>	<b>Foliage Colours (SP=Spring, SU=Summer, F=Fall)</b>	<b>Approx. Height</b>	<b>Characteristics</b>
Green Cascade	SP & SU: Green F: Orange, Yellow & Red	6-8'	Gorgeous green ornate leaves with a unique weeping/mounding habit. Beautiful display of red, orange & yellow fall colours.
Vitifolium	SP: Deep Green, F: Scarlet/gold/orange /yellow	15-20'	Large, grape like leaves turn a fabulous mix of scarlet, gold, orange and yellow in the fall.

<b>Acer shirasawanum</b>			
<b>Name</b>	<b>Foliage Colours (SP=Spring, SU=Summer, F=Fall)</b>	<b>Approx. Height</b>	<b>Characteristics</b>
Aureum (Golden Full Moon)	SP, SU: Green-yellow F: Red & Orange	10-12'	A slow growing variety with bright, iridescent gold leaves. Exquisite specimen tree to brighten up a shady area.
Autumn Moon	SP, SU: Yellow Green F: Orange	12-15'	Beautiful chartreuse gold leaves painted with streaks of burnt orange and bronze. Brilliant display of carmine red and pumpkin orange in fall. Best grown in morning sun, afternoon shade.
Johin	SP&SU: Plum Purple, Yellow, F: Burnt Red, Orange	10-12'	A unique variety with leaves that emerge plum purple striped with yellow, green veins. Deep Orange and red fall colours.
Moonrise	SP: Pink & Red SU: Chartreuse Yellow F: Orange & Red	10-15'	The spring growth on this variety emerges bright gold painted streaks of pink and carmine red that eventually fade to a vibrant chartreuse-yellow. Summer growth continues to emerge pink and carmine red providing contrast. Exceptionally hardy, can tolerate nearly full sun exposure.
