

Acer palmatum

Name	Foliage Colours (<i>SP=Spring, SU=Summer, F=Fall</i>)	Height	Characteristics
Aocha Nishiki	SP & SU: Green F: Gold	10-12'	Pea green stems with bright lime green foliage, new growth emerges a chartreuse tone providing contrast. Exceptionally long lasting golden yellow fall colour.
Atrolineare	SP & SU: Red F: Bright Red	10'	Ribbon-leaf Japanese Maple has attractive dark green foliage with coppery-bronze undersides which emerges dark red in spring. The small deeply cut ferny palm-shaped leaves are ornamentally significant and turn an outstanding red in the fall.
Atropurpureum (Red Ribbonleaf)	SP: Purple, SU: Red/Green, F: Red	15-18'	Great for large patio pot, or as focal point for lawn or borders
Beni Komachi	SP: Red, SU: Green F: Scarlet	6-8'	Gorgeous dwarf specimen for smaller gardens. Gorgeous fall colour.
Beni Otake	SP & SU: Dark Crimson Red, F: Crimson-Red	10-12'	Gorgeous dark foliage throughout the spring and summer. Distinctive bamboo-like appearance.
Bloodgood	SP: Deep Crimson, SU: Red, F: Deep Crimson	15-20'	Excellent for smaller gardens to create interest all year round
Burgundy Lace	SP & S: Purple/Red F: Orange/Yellow/Copper	12-15'	
Butterfly	SP & SU: Green with white margins F: Scarlet	10-12'	Very dependable, easy to grow, slow growing, small stature. Prefers part shade and well-drained soil.
Chishio	SP: Crimson, SU: Green, F: Red & Orange	6-8'	Very dense growing tree. Beautiful crimson-red foliage in spring and bright orange in fall.
Cynthia's Crown Jewel	SP: Green with Pink edges SU: Light Green F: Orange & Red	2-3'	A gorgeous dwarf Japanese Maple. Foliage has stunning colours in spring and fall.
Emperor	SP: Purple/Red, SU: Burgundy F: Deep Crimson	12-15'	Similar to Bloodgood, but retains leaf colour even better in the summer.
Fireglow	SP: Red, SU: Burgundy/Red F: Red	10-12'	One of the best dwarf red leaved Japanese maples. Retains colour all summer.
Goshiki Kotohime	SP: Variegated Pink & Red, SU: Green F: Yellow & Orange	4-5'	Very slow growing- perfect for bonsai or container planting. Beautifully variegated foliage in spring.
Hubb's Red Willow	SP & SU: Dark Red F: Orange & Red	6-8'	Great for smaller gardens, gorgeous dark red foliage in spring and summer.

Acer palmatum

Name	Foliage Colours (<i>SP=Spring, SU=Summer, F=Fall</i>)	Height	Characteristics
Japanese Sunrise	SP: Light Green, SU: Green, F: Yellow, Gold & Crimson	12-15'	Very similar to the Coral Bark Maple. Can handle full sun or part shade.
Kagiri Nishiki	SP & SU: Green, White & Pink F: Green, White & Dark Pink	8-10'	A very slow growing Japanese Maple with gorgeous white, green and pink variegated leaves. The pink in the leaves is more pronounced in fall.
Kamagata	SP & SU: Green with Red Edges F: Bright Red	5-6'	Great dwarf Japanese Maple with gorgeous green leaves edged in red. Leaves turn bright red in fall. Perfect for container planting or bonsai.
Katsura	SP: Orange/Yellow, S: Green, F: Orange & Yellow	8-10'	Gorgeous spring & fall colour. Can be kept dwarf, easy to maintain
Kinran	SP: Red SU: Green F: Yellow & Red	10-12'	This Japanese Maple is perfect for container growing. Fabulous fall foliage sets this maple apart.
Koto No Ito	SP & SU: Green F: Yellow, Orange, Red	4-6'	Very fine thread-like leaves, Fabulous fall colour
Mikawa Yatsubusa	SP & SU: Green F: Yellow & Red	5-6'	Extremely compact growing with exceptional fall colors. Great for small spaces and near water features.
Orange Dream	SP: Yellow SU: Green F: Orange & Yellow	8-12'	Very rare. Exceptional show of fall colours. Performs best when planted in afternoon shade.
Oregon Sunset	SP: Red, SU: Burgundy F: Crimson & Orange	5-6'	Extremely slow growing, dwarf Japanese Maple. Gorgeous fall colours.
Orido Nishiki	SP: Bright Pink SU: White, Pink & Green F: Orange & Yellow	8-10'	Delicate pink, white and green variegated leaves retain their colour throughout the season. Plant in an area protected from wind.
Osakazuki	SP: Olive-orange SU: Green F: Crimson red	20-25'	Bright green in summer. Brilliant crimson red in the fall. Very reliable grower.
Palmatum (Plain Green)	SP & SU: Green F: Orange & yellow	15-20'	The hardiest of all Japanese Maples. This variety has spectacular fall colour.
Red Emperor	SP & SU: Burgundy F: Bright Red	15-18'	Strong & reliable grower. Keeps its dark colours in shade.
Red Pygmy	SP & SU: Reddish-purple F: Bright red	5-6'	Leaves turn bright red in fall. Great for smaller yards or container growing.
Sango-Kaku (Coral Bark Maple)	SP: Yellow SU: Light Green F: Gold	15-20'	Bright green leaves have red margins and turn gorgeous yellow in fall. The young branches are red and get brighter as the weather gets cooler. A great choice for year round interest.
Seiryu	SP: Purple SU: Green F: Red	12-15'	Known for its lacy beautiful green foliage in spring and summer, turning to bright red in the fall. Great around your

			patio and in planters.
Shaina (Witches Broom)	SP: Red, SU: Maroon F: Red	10-12'	Upright/compact two toned red. Bright red turning to maroon. Sport of Bloodgood.
Sharp's Pygmy	SP & SU: Green F: Orange & Red	3-4'	Very slow growing compact & dense Japanese Maple. Leaves turn orange & red in fall. Great for container planting.
Shojo	SP & SU: Red F: Bright Red		
Shirazz	SP: Red SU: Crimson-Pink F: Scarlet	12-15'	This slow growing Japanese Maple has gorgeous crimson-pink leaves all summer long. Prefers moist, well-drained soil.
Shishigashira (Lions Head Maple)	SP & SU: Green, F: Red & Orange	12-15'	Great for container growing or as a specimen tree in any yard. Heavily curled leaves give this tree a very unique look. Wonderful fall colours that are most intense when planted in full sun.
Skeeter's Broom	SP & SU: Red F: Crimson Red	5-6'	Great compact, mounding habit. Dark purple stems give this Japanese Maple winter interest.
Suminagashi	SP & SU: Red F: Crimson Red	12-15'	A neat red leaved variety of Japanese maple that can withstand full sun. It holds its red colour well in summer even if given afternoon shade.
Toyama Nishiki	SP: Greenish-Red SU: Green, Red, Pink & White F: Orange	3-4'	Stunningly unique foliage on this dwarf, compact grower. Needs morning sun and afternoon shade.
Trompenburg	SP: Red SU: Maroon, F: Red	16-18'	Leaves emerge red turning to dark red in summer and gorgeous bright red in fall. Perfect for any West Coast garden.
Twombly's Red Sentinel	SP & SU: Dark Red F: Warm Red	18-20'	Very vigorous growing with an usually compact and upright habit. Leaves maintain their color throughout the year.
Ukigumo (Floating Clouds Maple)	SP & S: Variegated White & Pink F: Orange	10-12'	Gorgeous white, green and pink variegated leaves make this Japanese Maple stand out against all others. Performs best when planted in light shade. It cannot handle full sun in summer.
New Verkade's Jacus Potus	SP: Dark Burgundy, SU: Pink-Red F: Bright Crimson	8-10'	One of the newest Japanese Maples available. Very rare and hard to find. Gorgeous feather like foliage.
Villa Taranto	SP: Coral-pink, SU: Light	8-10'	Delicate, thread-like leaves with

Acer palmatum

Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Height	Characteristics
	Green F: Golden Yellow		gorgeous fall colour. Excellent choice for containers.
Winter Flame	SP: Lime Green SU: Green F: Yellow & Orange	8-10'	Smaller and more compact version of the Coral Bark Maple. Fabulous fall colours. Bright red stems give gorgeous winter interest.
Arakawa	SP & SU: Green F: Scarlet Red	10-15'	This very unique tree develops cracks, creases and fissures that give it an aged look, even when young.
Asahi Zuru	SP: Pink SU: Green with White & Pink F: Red & Orange	10-12'	Also known as Rising Sun Japanese Maple. Young leaves emerge pink and turn to green with white & pink variegation as the season progresses.
Beni Maiko	SP: Red SU: Green-Red F: Yellow, Orange & Deep Red	6-8'	Absolutely stunning fall show from this Japanese Maple. It turns from yellow to orange to a deep red in a matter of weeks.
Beni Schichenge	SP & SU: Green, Pink & White Variegation F: Orange & Gold	8-10'	A very slow growing Japanese Maple. Leaves have a gorgeous variegation of green, pink & white.

Hogyoku	SP & SU: Green F: Bright Orange	10-12'	One of the most beautiful and unusual fall foliage displays. Leaves turn pumpkin orange in fall.
Hinotori	SP: Pink-Apricot SU: Green F:		

Acer palmatum dissectum (Laceleaf)

Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Approx. Height	Characteristics
Crimson Queen	SP: Burgundy/Red F: Bright Red	2-6'	One of the classics! Purple-red into summer, turning scarlet in fall.
Emerald Lace	SP: Green, F: Orange then Crimson	6'	Very fine foliage with a vigorous growth habit.
New Everred	SP & SU: Deep Red F: Bright Red	8-10'	Wonderfully reliable weeping Maple. Foliage retains it's color throughout the season.
Filigree	SP & SU: Yellow-Green F: Golden Yellow	4-6'	Cascading, drooping branches are covered with yellowish green leaves, which are speckled with flecks of cream and gold. Leaves turn golden in autumn.

Acer palmatum dissectum (Laceleaf)

Name	Foliage Colours (SP=Spring, SU=Summer, F=Fall)	Approx. Height	Characteristics
New Flavescens	SP: Bright Green, SU: Deep Green F: Yellow & Orange	4-5'	A very unique and hard to find maple. Intense fall colours make this a winner for any garden!
Garnet	SP: Bright Red SU: Garnet F: Red, Orange, Purple	2-6'	Dramatic weeping habit that looks spectacular draping over walls, steps and slopes.
Germaine's Gyration	SP & S: Green F: Yellow	8-10'	A very unusual twisting growth habit. This selection naturally contorts as it grows creating very intricate spirals. One of the fastest growing weeping maples.
Inabe Shidare	SP: Green F: Copper, Red and Yellow	3-6'	Cascading branches purple/red. Crimson in fall. A classic weeper.
Lemon Lime Lace	SP: Lemon-Yellow SU: Lime & Scarlet F: Yellow, Orange & Red	3-5'	New growth emerges lemon-yellow turning to lime green with scarlet overtones in summer. Great dwarf, compact habit.
Lion Heart	SP & SU: Red F: Scarlet	8-10'	A gorgeous red laceleaf maple with a unique growth habit. It grows with a semi-upright habit that is less pendulous than most other red dissectums. Very vigorous grower. Fall colours are bright scarlets.
Orangeola	SP: Orange/Red SU: Green F: Red	5-7'	Cascading, very heat tolerant, wonderful range of colours.
Ornatum	SP: Bronze-orange SU: Bronze-green F: Orange, Red & Yellow	5-6'	This tree is popular for its bronze-orange leaf colour in spring and early summer turning bronze green in late summer. Fall will bring a blazing display of orange-red.
Pendulum Julian	SP: Brown, SU: Green & red F: Orange & yellow	8-10'	A mushroom shaped bush-form Japanese Maple.
Red Dragon	SP: Cherry Red F: Red	2-6'	Weeping, mushroom like, dark purple into fall, keeps its dark foliage through summer.
Tamukeyama	SP: Crimson SU: Purple/Red F: Crimson	5-8'	A beautiful deep red, weeping habit and red bark overcast with white, excellent for use in patio containers.
Viridis	SP: Deep green, F: Red & yellow	6'	Delicate, feathery, deep green foliage & arching branches, great fall foliage.
Waterfall	SP: Green F: Copper, Orange, Red, Yellow	5-7'	A strongly weeping tree that is wonderful over a bank or rock wall, cascading branches, very elegant with age

Acer japonicum

Name	Foliage Colours (<i>SP=Spring, SU=Summer, F=Fall</i>)	Approx. Height	Characteristics
Aconitifolium	SP: Green, F: Red, Orange, Yellow	8-10'	A unique tree perfect as a focal point in the garden. Amazing range of fall colors, holds onto foliage late into fall.
Green Cascade	SP & SU: Green F: Orange, Yellow & Red	6-8'	Gorgeous green ornate leaves with a unique weeping/mounding habit. Beautiful fall colours of red, orange & yellow make this tree a real show stopper.
Meigetsu	SP & S: Green F: Red & orange	25-30'	A sparsely branched tree that is best suited in larger gardens.
Vitifolium	SP: Deep Green, F: Scarlet/gold/orange/yellow	15-20'	Very large and beautiful deep green leaves turn a fabulous mix of scarlet, gold, orange and yellow in the fall.

Acer shirasawanum

Name	Foliage Colours (<i>SP=Spring, SU=Summer, F=Fall</i>)	Approx. Height	Characteristics
Aureum (Golden Full Moon)	SP, SU: Green-yellow F: Red & Orange	10-15'	Grows compact and dense. Slow grower. Exquisite specimen tree for shady areas.
Autumn Moon	SP, SU: Yellow Green F: Orange	10-12'	Gorgeous bronze-gold leaves throughout the spring and summer turning bright orange in fall. Plant in an area with morning sun and afternoon shade to prevent the leaves from burning.
Jordan	SP: Lemon-Yellow SU: Yellow-Green F: Orange & Red	12-15'	The bright foliage on this Maple is a great way to brighten up the shady area of the garden. It can tolerate some sun but plant in mostly shade for best results.
Moonrise	SP: Pink & Red SU: Chartreuse Yellow F: Orange & Red	15-20'	New growth emerges with streaks of pink and carmine red that eventually fade to a vibrant chartreuse yellow. Summer growth continues to emerge pink and carmine red providing wonderful contrast. Performs well in shade and may scorch if exposed to late afternoon sun.
