

Deciduous Trees				
Species	Common Name	Height	Spread	Comments
Acer circinatum	Vine Maple	15'	10'	This tree is native to the Pacific Northwest. Can tolerate shade. Excellent Fall Colours
Acer circinatum 'Pacific Fire'	Pacific Fire Vine Maple	12'	8'	The young branches turn bright red in Fall just prior to leaves dropping. Bright red branches add a gorgeous pop of colour to the winter garden. Prefers full shade.
Acer griseum	Paperbark Maple	25'	20'	Leaves turn a bright red in Fall. Bark peels all year making this tree truly spectacular all year long.
Acer palmatum	Japanese Maple	25'	25'	Easy to grow, cold hardy & adaptable.
Acer palmatum 'Fireglow'	Fireglow Japanese Maple	10-20'	15'	Vigorous and quite sun-tolerant, with a slow growing, upright habit.
Acer palmatum 'Sango-Kaku'	Sango-Kaku Japanese Maple	20-25'	15-20'	An upright, slow-growing, vase-shaped form that typically grows over time to as much as 20-25' tall
Acer palmatum 'Shin Deshojo'	Shin Deshojo Japanese Maple	7-9'	7-9'	A thrilling, densely-branched, small tree with highly dramatic foliage color.
Acer palmatum 'Tobiosho'	Tobiosho Japanese Maple	20'	20'	A dense deciduous tree with an upright spreading habit of growth.
Acer platanoides 'Globosum'	Globe Norway Maple	15'	18'	Very formal looking tree. Compact and densely branched. "Lollipop" like shape
Acer pseudoplatanus 'Eskimo Sunset'	Esk Sunset Sycamore Maple	12'	10'	Excellent fall foliage. Foliage color varies with sun exposure.
Acer shirasawanum 'Moonrise'	Full Moon Maple	10-12'	5-6'	red leaves that emerge in the spring. It then ages to green yellow with an orange blush.
Amelanchier grandiflora 'Autumn Brilliance'	Autumn Brilliance Serviceberry	20'	15'	Beautiful white flowers in spring. Foliage turns bright red in fall. Produces edible purplish fruit.
Betula nigra 'Little King'	River Birch	10'	10'	Easy to grow in wet soils. Adaptable to heat.
Catalpa bungei	Manchurian Catalpa	30'	20'	Very large leaves with flowers in early summer.
Cercidiphyllum japonicum 'Claim Jumper'	Claim Jumper Golden Katsura Tree	20-30'	15-20'	Heart shaped leaves emerge blush pink, maturing to a golden yellow to lime green later in the season.
Cercidiphyllum japonicum 'Hannah's Heart'	Hanna's Heart Katsura Tree	20-25'	12'	Upright habit variety, heart-shaped foliage, with the odor of caramel or burnt sugar. Resistant to cold, disease and insects.

Deciduous Trees				
Species	Common Name	Height	Spread	Comments
Cercidiphyllum japonicum 'Red Fox'	Red Fox Katsura Tree	40'	25'	Compact, columnar habit, excellent for smaller spaces; foliage has an attractive bronzy-purplish color during summer; as leaves turn color in fall they have a distinct burnt sugar smell
Cercis canadensis 'Black Pearl'	Black Pearl Eastern Redbud	15-20'	20-25'	A deciduous, often multi-trunked understory tree with a rounded crown that typically matures to 20-30' tall with a slightly larger spread.
Cercis canadensis 'Hearts of Gold'	Hearts of Gold Redbud	20'	20'	A spectacular & hardy spring bloomer, with fuchsia flowers held tightly on bare branches in early spring
Cercis canadensis 'Merlot'	Eastern Redbud	12'	15'	Attracts pollinators, Easily grown in well drained soils.
Cercis canadensis 'Rising Sun'	Rising Sun Eastern Redbud	8-12'	8-12'	Deciduous, often multi-trunked understory tree with a rounded crown that typically matures to 20-30' tall with a slightly larger spread.
Cercis canadensis 'Ruby Falls'	Ruby Falls Redbud	6'	4'	Pea-like flowers with red overtones along the branches from early to mid spring before the leaves.
Cornus kousa & Cornus florida	Dogwoods	20'	20'	Many different varieties are available. Flowers range from white to deep pink.
Crataegus x 'Toba'	Toba Hawthorn	18'	12'	One of the hardiest of the ornamental hawthorns, vase shaped, white blooms turning pink in spring followed by sparse red berries in fall, sharp thorns.
Franklinia alatamaha	Franklin tree	10-20'	6-15'	Camellia-like, cup-shaped, 5-petaled, sweetly-fragrant, white flowers bloom in late summer to early fall.
Ginkgo biloba 'Chi-chi'	Chi-Chi Maidenhair Tree	4-5'	4-5'	A dwarf, dense, mounded, slow-growing, multi-stemmed shrub form of the popular ginkgo tree.
Ginkgo biloba 'Jade Butterfly'	Jade Butterfly Ginkgo	12-15'	10'	Dwarf, densely branched, vase-shaped with striking bright green leaves and lovely gold fall color.
Hamamelis intermedia or mollis	Witch Hazel	10'	10'	Gorgeous yellow, orange or red flowers depending on the variety in very early spring. Foliage is bright red and orange in Fall.
Hibiscus syriacus	Rose of Sharon or Althea	10'	6'	Available in a variety of flower colours. Flowers in late Summer/early Fall.
Hydrangea paniculata – Tree Form		20'	10'	Produces white conical flowers instead of big spherical blossom.

Deciduous Trees				
Species	Common Name	Height	Spread	Comments
Magnolia stellate	Star Magnolia	15-20'	10-15'	A small deciduous tree that typically grows 15-20' tall with a spreading, rounded crown.
Magnolia soulangeana	Saucer Magnolia	20-25'	20-25'	Fragrant flowers bloom in early spring before the foliage emerges.
Malus	Flowering Crabapple	20'	15'	Numerous different varieties are available. From white to pink flowers. All producing fruit in late summer.
Nyssa sylvatica 'Gumdrop'	Gum Drop Black Gum	30'	20'	Forest green foliage which emerges red in spring. The glossy pointy leaves turn an outstanding scarlet in the fall.
Oxydendrum arboreum	Sourwood	20-25'	10-25'	Leaves produce consistently excellent fall color, typically turning crimson red.
Prunus 'Mount Fuji'	Mount Fuji Japanese Flowering Cherry	20'	25'	Clusters of fragrant white flowers backed by bronze-tinged new foliage.
Prunus 'Snow Fountains'	Snow Fountains Flowering Cherry	12'	12'	A very finely branched, weeping Cherry. Beautiful white flowers in Spring.
Prunus 'Snow Goose'	Snow Goose Flowering Cherry	20'	20'	Pure white, single flowers in spring. Resistant to most cherry foliage diseases.
Stewartia monadelphica	Orangebark Stewartia	25'	15'	Gorgeous white flowers in summer. Unique bark.
Stewartia pseudocamellia	Japanese Stewartia	30'	20'	Gorgeous white flowers with a yellow centre in summer. One of the few trees that flower in summer. Foliage turns a gorgeous mix of red, purple and orange in fall.
Styrax japonicus 'Pink Chimes'	Pink Chimes Snowbell	15'	15'	Delicate pink, bell shaped flowers in early summer. Slower growing than the white flowering Styrax.
Styrax japonicus 'Evening Light'	Evening Light Japanese Snowbell	15'	10'	An upright, oval habit, to 15 ft tall and 10 ft wide. The leaves emerge purple-maroon, becoming maroon-green.
Styrax japonicus 'Fragrant Fountain'	Fragrant Fountain Japanese Snowbell	6'	5'	Fragrant white flowers cover the tight form from early spring through summer.
Styrax japonicus 'Snow Charm'	Snow Charm Snowbell	20'	20'	Pure white, bell-shaped flowers in early summer. Beautiful deep green foliage.
Styrax japonicus 'Snowcone'	Snowcone Snowbell	25'	20'	Beautiful pure white, bell shaped flowers in early summer.
Styrax obassia	Fragrant Snowbell	20-30'	15-25'	Fragrant, white flowers with showy yellow stamens appear in pendulous, terminal racemes in May-June

Columnar Varieties				
Species	Common Name	Height	Spread	Comments
Acer palmatum 'Twombley's Red Sentinel'	Twombley's Red Sentinel Japanese Maple	10-15'	7-8'	Foliage emerges bright red, darkens as it ages, and turns brilliant scarlet in the fall.
Acer platanoides 'Crimson Sentry'	Crimson Sentry Norway Maple	25'	15'	The compact, narrow canopy displays deep purple leaves that become maroon to reddish-bronze in fall.
Acer rubrum 'Armstrong'	Armstrong Red Maple	30-40'	15-25'	An upright columnar form of Red Maple. Excellent in narrow spaces. Outstanding fall colour-orange thru wine.
Acer rubrum 'Karpick'	Karpick Red Maple	40-50'	15-20'	Red flowers appear in early spring before the foliage emerges.
Acer saccharum 'Apollo'	Apollo Sugar Maple	30'	10'	Dark green foliage withstands summer heat and fall color is yellow-orange to red.
Carpinus betulus 'Frans Fontaine'	Frans Fontaine Hornbeam	40'	20'	Green foliage throughout the season. The glossy pointy leaves turn an outstanding gold in the fall.
Cornus kousa 'Snow Tower'	Snow Tower Kousa Dogwood	10-15'	4-8'	A small, deciduous flowering tree or multi-stemmed shrub that typically grows 15-30' tall.
Fagus sylvatica 'Dawyck Gold'	Dawyck Gold Beech	45'	15'	Attractive lime green foliage which emerges gold in spring.
Fagus sylvatica 'Dawyck Purple'	Dawyck Purple European Beech	25-50'	6-15'	Leaves emerge deep reddish-purple in Spring and darken to purple
Fagus sylvatica 'Purple Fountain'	Purple Fountain Beech	25'	15'	Rich purple, glossy, rounded leaves cloak the cascading branches of this fine specimen tree
Ginkgo biloba 'Menhir'	Menhir Maidenhair Tree	10'	15'	Slender, upright, columnar tree which requires no training to keep straight.
Ginkgo biloba 'Princeton Sentry'	Princeton Sentry Maidenhair Tree	40-50'	20-30'	an upright, narrowly conical habit.
Liquidambar styraciflua 'Slender Silhouette'	American Sweet Gum	50'	10'	The lobed palmate leaves turn an outstanding orange in the fall. Neither the flowers nor the fruit are ornamentally significant.
Parrotia persica 'Vanessa'	Vanessa Persian Ironwood	15-40'	10-20'	This durable tree is beautiful in every season, as its foliage, branch structure and bark are all exceptional.
Parrotia persica 'Golden Bell Tower'	Golden Bell Tower Persian Ironwood	20-30'	9-10'	Golden-yellow leaves turning to the familiar shades of purple, orange, and red in the fall.
Parrotia persica 'Persian Spire'	Persian Spire Persian Ironwood	25'	8-10'	In the spring, the green leaves have a bright purple-red to deep purple border that is fairly wide and showy.

Columnar Varieties				
Species	Common Name	Height	Spread	Comments
Populus tremuloides 'Erecta'	Columnar Swedish Aspen	40'	10'	Flat, rounded green leaves flutter and rustle in the breeze providing both visual interest and soothing sound to the landscape.
Prunus sargentii 'Columnaris'	Columnaris Sargent Cherry	20-30'	15-20'	An upright form with columnar to narrow vase-shaped branching.
Prunus serrulata 'Amanogawa'	Japanese Flowering Cherry	20-25'	4-8'	An upright, narrow habit. In spring, appear fragrant flowers, pink, single to semi-double, sometimes developing small black cherry-like fruits.

Conifer Trees				
Species	Common Name	Height	Spread	Comments
Cedrus deodara 'Karl Fuchs'	Karl Fuchs Himalayan Cedar	12-15'	4'	A striking evergreen with bright blue spring growth, that gradually matures to green, resulting in a unique shimmering effect throughout most of the year.
Cedrus deodara 'Miles High'	Miles High Himalayan Cedar	30'	15'	This evergreen is excellent for adding height to the landscape, with its tall central leader and graceful pendulous branches.
Chamaecyparis nootkatensis 'Green Arrow'	Green Arrow Weeping Alaska Cedar	10-15'	2-3'	A slimmer version of the pendula form. A striking specimen with a very graceful, weeping habit.
Chamaecyparis nootkatensis 'Pendula'	Pendula Nootka Cypress	20-35'	8-12'	A strong, weeping, pyramidal Tree
Chamaecyparis obtusa 'Gracilis'	Slender Hinoki Cypress	12'	5'	Extremely slow growing. New foliage emerges with a red tinge and in winter foliage has a bronze tinge.
Cupressocyparis leylandii 'Green Rocket'	Green Rocket Leyland Cypress	25'	8'	Vigorous, tall, pyramidal evergreen.
Juniperus chinensis 'Trautman'	Trautman Juniper	19'	4'	Grayish green-variegated bluish-green foliage. The scale-like leaves remain bluish-green throughout the winter.
Picea abies 'Cupressina'	Columnar Norway Spruce	20'	6'	Very columnar, dense tree. Branching starts low to ground. Tolerates heat better than most coniferous trees.
Picea omorika 'Bruns'	Bruns Serbian Spruce	15'	8'	Beautiful blue-green foliage. Slow grower.
Picea omorika 'Bruns Pendula'	Bruns Pendula Serbian Spruce	12-15'	2-3'	A useful specimen where a tight, vertical accent is needed.
Pinus flexilis 'Vanderwolf'	Vanderwolf Limber Pine	20-30'	10-15'	An upright, pyramidal tree with closely spaced, twisted, silvery blue green needles.

Conifer Trees				
Species	Common Name	Height	Spread	Comments
Pinus nigra 'Oregon Green'	Oregon Green Austrian Pine	18-20'	15'	Deep, glossy, rich green, stiff needles densely spaced and curved against the branches.
Quercus 'Crimson Spire'	Crimson Spire Oak	40-45'	15-20'	Outstanding large columnar tree with dark green, mildew resistant foliage is followed in fall by a dazzling display of red.
Quercus 'Kindred Spirit'	Kindred Spirit Oak	30'	6'	This fast growing variety has a very narrow, columnar habit, glossy, dark green foliage turns bright red-orange in fall.
Quercus 'Skinny Genes'	Skinny Genes Oak	45'	10'	The glossy lobed leaves turn outstanding shades of yellow, orange and brown in the fall.
Sorbus aucuparia 'Fastigiata'	Pyramidal Mountain Ash	20'	7'	A narrow, columnar accent tree with clusters of white flowers in spring followed by red berries into winter
Taxus baccata 'Fastigiata'	Irish Yew	15'	4'	Extremely slow growing and very dense. More commonly used for hedging.
Thuja occidentalis 'Degroot's Spire'	Degroot's Spire Cedar	20'	5'	Wonderful tall and narrow form. Foliage takes on a purplish tinge in winter. Very cold hardy.
Thuja occidentalis 'Sunkist'	Sunkist Cedar	10'	5'	Beautiful lemon- yellow foliage in spring turns yellow-orange in winter. Great compact habit.
Tsuga mertensiana	Mountain Hemlock	20'	8'	Native to BC. Great columnar habit. Can tolerate more shade than most trees.

Broadleaf Evergreen Trees				
Species	Common Name	Height	Spread	Comments
Arbutus marina	Marina Strawberry Tree	20-30'	20-30'	Rosy pink flowers appear concurrently with the red and yellow strawberry-like fruit in fall and winter.
Camellia japonica	Japanese Camellia	7-12'	5-10'	Leaves alternate, simple, ovate to elliptic, abruptly pointed, serrate with each serration tipped with a black gland, dark lustrous green above, leathery.
Camellia sasanqua	Sasanqua Camellia	6-10'	6-10'	A densely branched, pyramidal to oval-rounded, tree-like, evergreen shrub that typically grows to 6-10' tall.
Magnolia grandiflora 'Bracken's Brown Beauty'	Bracken's Brown Beauty Magnolia	30-50'	15-30'	Lustrous, leathery foliage is rich, dark green above and cinnamon brown underneath

Broadleaf Evergreen Trees

Species	Common Name	Height	Spread	Comments
Magnolia grandiflora 'Edith Bogue'	Edith Bogue Magnolia	30'	15'	Tight, pyramid forming tree. Large, creamy white flowers stand out against the dark green, glossy foliage.
Magnolia grandiflora 'Little Gem'	Little Gem Magnolia	25'	15'	Very tight and compact growing. Glossy leaves have a dark brown underside. Large white flowers.
Magnolia grandiflora 'Teddy Bear'	Teddy Bear Southern Magnolia	16-20'	10-12'	This very compact southern magnolia features an upright form with shiny, deep green leaves that have heavy, velvety, reddish brown undersides, and classic, large, fragrant, white flowers.
Prunus lusitanica	Portuguese Laurel	20'	15'	Can grow to be a very large tree, however it can be maintained at a desired height with easy pruning each year.
Quercus myrsinifolia	Chinese Evergreen Oak	20-30'	20-30'	Densely-branched medium-sized tree of compact habit; the smooth, dark-green leaves are purple-red when unfolding.

ESTABLISHED 1978
